

issue of such importance, it even captured the attention of the world governments, with the G-8 leaders at Camp David issuing a declaration on the need to address this international crisis.

Today it's illegal to introduce counterfeit drugs into interstate commerce, but the penalties are no different than those assessed for trafficking other counterfeit products, such as movies or fashion products like purses.

That's why our bill seeks to have sentencing laws reflect the seriousness of the crime. The bill increases fines to a maximum of \$4 million for the first offense and \$8 million for subsequent offenses, and prison terms for a maximum of 10 to 20 years. This is an overdue and needed change—and I can say that as a prosecutor.

I would like to thank Congresswoman SÁNCHEZ for her leadership on this issue. I want to thank my colleague from Pennsylvania, Congressman TOM MARINO, for his hard work on the Judiciary Committee, working with Chairman SMITH on this issue. And I want to thank the Members in both parties that should be recognized for bringing this critical measure to the floor so expeditiously.

I encourage my colleagues on both sides of the aisle to lend their support for this very important legislation.

Ms. CHU. Mr. Speaker, I yield back the balance of my time.

Mr. SMITH of Texas. I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Texas (Mr. SMITH) that the House suspend the rules and pass the bill, H.R. 3668, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO NORTH KOREA—MESSAGE FROM THE PRESIDENT OF THE UNITED STATES (H. DOC. NO. 112-113)

The SPEAKER pro tempore laid before the House the following message from the President of the United States; which was read and, together with the accompanying papers, referred to the Committee on Foreign Affairs and ordered to be printed:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accord-

ance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency declared in Executive Order 13466 of June 26, 2008, expanded in scope in Executive Order 13551 of August 30, 2010, and addressed further in Executive Order 13570 of April 18, 2011, is to continue in effect beyond June 26, 2012.

The existence and risk of proliferation of weapons-usable fissile material on the Korean Peninsula, and the actions and policies of the Government of North Korea that destabilize the Korean Peninsula and imperil U.S. Armed Forces, allies, and trading partners in the region continue to constitute an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. For these reasons, I have determined that it is necessary to continue the national emergency with respect to these threats and maintain in force the measures taken to deal with that national emergency.

THE WHITE HOUSE, June 18, 2012.

CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO THE RISK OF NUCLEAR PROLIFERATION CREATED BY THE ACCUMULATION OF WEAPONS-USABLE FISSILE MATERIAL IN THE TERRITORY OF THE RUSSIAN FEDERATION—MESSAGE FROM THE PRESIDENT OF THE UNITED STATES (H. DOC. NO. 112-114)

The SPEAKER pro tempore laid before the House the following message from the President of the United States; which was read and, together with the accompanying papers, referred to the Committee on Foreign Affairs and ordered to be printed:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the emergency declared in Executive Order 13159 of June 21, 2000, with respect to the risk of nuclear proliferation created by the accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation is to continue beyond June 21, 2012.

It remains a major national security goal of the United States to ensure that fissile material removed from Russian nuclear weapons pursuant to various arms control and disarmament agreements is dedicated to peaceful uses, subject to transparency meas-

ures, and protected from diversion to activities of proliferation concern. The accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation continues to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency declared with respect to the risk of nuclear proliferation created by the accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation and maintain in force these emergency authorities to respond to this threat.

BARACK OBAMA.
THE WHITE HOUSE, June 18, 2012.
